ordyx
POS

Simple, Secure, Online, Affordable

ACCESSIBILITY
You no longer have to be tied down to your establishment. When using Ordyx you are able to securely monitor and manage your restaurant from anywhere at anytime.

RELIABILITY
The Ordyx model is based on continuously working with our customers as partners to ensure the long term success of their establishments.

COST OF OWNERSHIP
With a low initial investment, no upgrade fees, ease of use, reliability, and predefined/low monthly service fees, Ordyx provides an overall lower cost of owning a POS than traditional POS companies.

PREVENTION
Ordyx is a proactive service. If Ordyx detects any potential issues at your establishment, technical staff will contact you or your managers and prevent issues before they occur.

UPGRADES
Ordyx is continuously upgrading its service based on customer suggestions as well as innovative ideas from the Ordyx Research & Development team.
